

Labour Market Information (LMI) for Bromley

Understanding the local job market can help you make well-informed decisions about your career. Here are some key insights into the labour market in Bromley:

- **Growing Sectors:** Bromley has seen growth in health and social care, education, retail, and professional services, with these industries continuing to offer opportunities for those with relevant skills.
- **Retail and Hospitality:** The borough's bustling high streets and leisure facilities provide opportunities in customer service, food service, and hospitality roles.
- **Construction and Trade:** Ongoing development projects contribute to a steady demand for skilled tradespeople, including electricians, plumbers, and builders.
- **Health and Social Care:** With an aging population, there is a growing need for carers, healthcare assistants, and nurses.
- **Digital and Creative Skills:** As businesses adopt new technologies, roles in digital marketing, IT, and creative services are increasing.

Current Job Trends

- **Healthcare Professionals:** High demand for healthcare workers, including nurses and carers.
- **Education Roles:** Consistent opportunities for teachers and support staff in Bromley's schools.
- **Tech and Digital Skills:** A growing need for IT professionals and individuals with creative digital skills.
